

Our Vision

Your Challenge

The Guidelines

This year the Holiday Party Committee is offering a twist on our usual project. We are asking each participating to craft 25 toys to swap with the other participants. The cost of this year's party is markedly lower than previous years and we hope that you spend your time and money creating something special for your swap. The committee has a vision and challenges you to put some time, energy and creativity into your toys. They do not need to be expensive or complicated, but please put some thought into your swap, something of yourself into your gift. Let's celebrate this time together.
